## HIGH-COMFORT GAMING CHAIR

READY FOR BOTH GAMING AND PROFESSIONAL USE, FUSION IS A COMFORTABLE GAMING CHAIR BUILT WITH HIGH-QUALITY MATERIALS AND SPORTING A POWERFUL COUGAR DESIGN.

### QUALITY FIRST

Fusion is built on a metal frame that provides it with a rock-solid structure, complemented with a plywood plank that brings both durability and flexibility to the backrest.

### A COMFORTABLE SHAPE

Fusion's body-embracing design delivers a pleasant sitting experience that is further enhanced by its extra-long armrests.

### CLASS AND DURABILITY

Both the body of the chair and the armrest pads sport a faux leather surface that makes them both transpirable and highly pleasant to the touch.

### POWERFUL DESIGN

The diamond-check pattern of the seating and back-rest area and the carefully chosen, highly energetic coloring of the chair make it a pleasure to look at and contribute to generating an atmosphere that favors productivity.

### ADJUSTABLE TILTING RESISTANCE

Fusion's tilting function allows you, by turning a knob located under the chair, to adjust its behavior, controlling the level of resistance when you tilt it.

### GREAT HEIGHT ADJUSTMENT

Fusion's class 4 gas lift cylinder gives it a smooth, durable and reliable height adjustment capability, making it easy to adjust it to suit different working and gaming environments.

### SOLID AND THOUGHTFUL

A solid, dependable metal 5-star base makes it safe to use the chair's swiveling function while sitting on it. The PU wheels, on the other hand, protect the floor of the area you're using it in by preventing scratches.
